

WYOMING COAL WILL NOT BE EXCLUDED FROM COAST AND THE INTERMOUNTAIN STATES

Assurances that the fuel zone order, as announced by the federal fuel administration, would not greatly alter the shipping conditions of Wyoming and Utah coals, despite announcements appearing two or three days ago in Salt Lake papers, were contained in a telegram received today by D. H. Pape, manager of the Lion Coal company, and secretary of the southern Wyoming coal operators, from J. D. A. Morrow, manager of distribution of the United States Fuel administration at Washington. Mr. Pape sent an inquiry several days ago to the fuel administration regarding the announcements in the Salt Lake papers which he said declared Wyoming fuel would be eliminated from Utah, Idaho, Montana, California, Nevada and Washington.

His telegram was sent as follows: "Telegram dated March 22 to J. D. A. Morrow, manager of distribution, U. S. Fuel Administration, Washington, D. C."

"Newspaper articles appearing in Salt Lake papers this morning which will have broad circulation bear the following headlines: 'Utah mines to benefit from coal zone plan. Elimination of Wyoming fuel as competitor one result of system. This state given jurisdiction over intermountain division. An order was yesterday received at headquarters of Utah Fuel administration from Washington eliminating Wyoming coal as competitor in markets of Utah, Idaho, Nevada, California, Washington and Montana. The order is specific upon the point that Wyoming mines will serve district comprising territory of New Mexico and states east of Rocky mountains.' This gives the entire western territory impression that southern Wyoming coal will be eliminated from all west-

ern territory, and will have immediate bad effect on our opportunities in western states. Our interpretation of ruling is that we are not to be restricted from any of our natural territory in Pacific coast states and that shipment of our coal east into Nebraska territory is only to take care of surplus and allow us to operate full time. Unless we have official information refuting the vicious interpretation of Salt Lake newspapers untold injustice will be done operators in southern Wyoming districts and a demoralized situation will immediately develop amongst dealers in entire western territory. I am sending this wire to you representing southern Wyoming coal operators. "D. H. PAPE, Secy."

Answer Favorable.

Mr. Morrow's answer follows: "D. H. Pape: Articles in Salt Lake papers without foundation. No change contemplated in movement of Utah coal and no change in the movement of Montana, Washington and Wyoming coal except to allow these coals to move further east thereby increasing market territory. No change contemplated for any other western states. State fuel administrators were mailed Tuesday complete details of zone plan and careful reading of the plan will confirm above."

(Signed) "FUEL ADMINISTRATION, MARCH 23."

Mr. Pape this morning said that he received a letter from Augustine Kendall, fuel administrator of Wyoming, relative to the disposition of Wyoming coal. It stated that there would be a change only in case of sending the coal east and curtailing the markets to the north would relieve a possible condition of congestion which might arise.

several times told that he ought to undergo the course of treatment, but refused.

Chief to Take Drastic Steps.
The death of Mr. Chandler caused the city sanitary department and the police department to throw added zeal this morning into a campaign for the extermination of worthless curs in the city. Police Chief Browning said today that every dog, licensed or not, which is caught without a strong muzzle, will be taken to the common at the rear of the city jail and killed. There will be no consideration shown anyone for any reason, he said. A force of five men, three special officers of the police department and two from the sanitary department, will immediately start scouring the city for dogs and will impound and kill all strays. The crusade against unmuzzled dogs was started several weeks ago but there are still dozens of unmuzzled curs running the streets, chasing automobiles, snapping at bicyclists and waiting to engage in fights with anything appearing.

With the prevalence in the intermountain country of rabies, which has been conclusively proved recently by the death of numerous farm animals and wild animals, it has been pretty thoroughly settled that many dogs are also victims of the disease in some form and positively deadly if allowed to go wild. With the hot weather approaching, unless drastic measures are taken to rid the city of such worthless pests, it is said a dangerous condition will develop.

Death from hydrophobia, according to several Ogdan physicians, and notably Dr. George Dickson, who attended Mr. Chandler, is one of the most violent known. No treatment has been discovered which will arrest the disease after it approaches its last stages. The victim first shows an uncontrollable aversion to water, going into spasms at times. He is unable to swallow and goes through body racking convulsions as it develops. He finally expires after suffering indescribable torture and changing virtually from a man to a beast.

Pasture Treatment.
The Pasteur treatment, according to Dr. Dickson, is the most efficacious treatment ever discovered for treating hydrophobia. If taken in time the victims of bites from rabid animals are in nearly every case saved. The percentage of deaths from thousands of victims treated in the Pasteur Institute of Paris, and in a noted hospital in New York, ranges as low as one-half of one per cent.

There are facilities for giving the treatment in the local hospital and the government will pay the expense in cases of indigency. The treatment covers a period of twenty-one days and there are twenty-six hypodermic injections administered during that time.

On the contrary if not treated the disease develops and when it starts in virulent form death occurs in from one to three days. Very few victims are said to recover if the disease is allowed to develop.

Born in Salt Lake.
Mr. Chandler was born in Salt Lake City about 45 years ago and was married in Ogdan in 1891, where he has since resided with his wife, who, with the children survive him.

Besides his wife Mr. Chandler is survived by the following children, all of Ogdan:
Ernest Chandler, Mrs. Clara Bell Richardson, Ruby, Nellie and Myrtle Chandler. He was a member of the Woodmen of the World. Funeral arrangements will be announced later.

A number of persons who were well acquainted with Mr. Chandler have spoken to him about his having been bitten by the dog on the 26th of January, but he always turned the conversation as though the matter was of little consequence.

Cause of Excitement.
There was considerable excitement caused by the fact that the dog that bit Mr. Chandler showed every sign of being mad and escaped capture for some time. The police and members of the sanitary department made a search of the city for the beast, and in trying to get the right dog they killed about a half dozen stray curs about the city. The dog that bit Mr. Chandler went out of the city and was snatched at persons in the vicinity of Roy when it was killed. The head was brought to City Sanitary Inspector George Shorten who sent it to State Chemist Herman Harms to have the brain analyzed. A report received from the office of the state chemist showed

conclusively that the animal was afflicted with rabies, and the case was said to be well developed.

Mr. Chandler Refused Treatment.
The state officials and the city officials both offered Mr. Chandler the Pasteur treatment, but he refused at all times to consider it, seeming to feel that he would be exempt from harm.

Dog Was Stray Animal.
The dog was a stray cur that came into the city from no one knows where. It is estimated that there are a large number of dogs in the city who are merely stray curs, and it is said further that many persons who own dogs are not living up to the law in keeping them muzzled when on the streets. As it is feared that the stray maddog may have bitten a number of the dogs in the city as it went on its mad way, and that there is a possibility of an epidemic of rabies breaking out the city officials are determined to clean the city of the pest of stray dogs and those not kept according to law.

Society
MRS. ARGUBRIGHT LEAVES.
Mrs. Myra Argubright, wife of Ralph Argubright, income revenue tax collector, has departed for California, where she will spend several weeks on the coast. Mrs. Argubright went first to San Diego.

VISITING RELATIVES.
Miss Veda Nebeker and Miss Hazel Korth have gone to Davenport, Iowa, where they will spend several weeks visiting with relatives.

PLEASURE TRIP.
Mrs. A. Causey has gone to California on a pleasure trip.

RETURNS HOME.
Joseph Parsons, who has been in California for the past several weeks, has returned to his home in Ogdan.

BUSINESS TRIP.
Joseph Scofield has returned home from a business trip to the east.

MEET TONIGHT.
The Ogdan and Vinland Chautauque circles will meet tonight in joint assembly at the home of Mrs. J. G. Falck. They will hear a review of "The Greatest Books" by Mrs. Josephine Hirst.

MRS. STONE RETURNS.
Mrs. M. J. Stone, 2969 Grant avenue, returned to Ogdan last evening from Imperial, Cal., where she has been spending the greater part of the winter with her daughter, Mrs. George H. Wooliscroft. Mrs. Stone is somewhat improved in health.

RETURN TO OGDAN.
Mr. and Mrs. Fred Tout, who have been spending the past three months in California, returned to Ogdan last Saturday. They will make their home in this city. The bride was formerly Miss Margaret Hougard, manager of the Princess Millinery.

ROYAL PURPLE CLUB.
Last Friday evening the members of the Royal Purple Club met at the home of Mrs. August Grandquist, 2849 Lincoln avenue, and played card games. Mrs. Mitchell, Mrs. Moore and Mrs. Gallagher receiving honors. Later in the evening the hosts served a tempting luncheon. The guests were Mrs. Goucher, Mrs. Archie Moore and Mrs. Pearl Elliott. The meeting was one of the most enjoyable of the month.

Deaths and Funerals
OSCHERWITZ.The funeral of Mrs. Ethel Oscherwitz was held yesterday at 2 p. m. in the Lindquist funeral chapel. Rev. Samuel Baskin of Salt Lake took charge of the service. Interment was in Mountain View cemetery. The pallbearers were A. Soper, Joseph Benn, John Krienes, Joseph Benowitz, Samuel Kurtz and Max Davidson.

JAMISON.The funeral of Robert Jamison was held yesterday in the Lindquist chapel at 4 p. m. Bishop R. H. Rhees officiated. The speakers were Wiley G. Cragun and Irvine Alvord. A double mixed quartet composed of Marion Cragun, Annie Cragun, Emma Wade, William Wade, Wallace Badger and LeRoy Barker sang "Jesus, Lover of My Soul," "Rock of Ages" and "Oh, My Father." Marvin Cragun sang "Resignation." Interment was in North Ogdan cemetery.

STEWART.The funeral of Mrs. Rachel Pearl Stewart, wife of Walter W. Stewart, who died yesterday at the family home in Kaysville, will be held at 2 p. m. Wednesday in the Kaysville ward chapel and interment will be in Kaysville cemetery. Flowers left at Larkins before 10 a. m. Wednesday will be taken to the funeral.

BELL.Edward Bell, aged 85 years, passed away at the family home in Roy this morning at 7 o'clock. Mr. Bell died very suddenly of apoplexy. He was a pioneer of Utah and Weber county having come to this state from Bristol, England, in 1863. He was born in England, May 8, 1832. His wife, Mary Ann Bell and one daughter, Mrs. Caroline Olmstead, survive. Funeral services will be held in the Roy meeting house Tuesday at 1 o'clock. Bishop Martin P. Brown officiating. The body will lie in state at the home this evening and tomorrow until funeral services. Interment Ogdan City cemetery. Floral offerings may be left at the Larkins chapel until 1 a. m. tomorrow.

Long Range Firing

Bombardment of Paris Reopens at Early Hour.

PARIS, March 25.—The long range bombardment of Paris was resumed at 6:30 o'clock this morning but was interrupted after the second shot.

After a brief interval, two more shots were fired. The bombardment was again suspended at 9:10 o'clock. As was the case yesterday the people did not take to shelter. Cellars which were filled on Saturday remained empty this morning. Little interest was shown in the bombardment.

Soon after they were awakened by the first shot the people were brought to their windows by the rattling of drums. Policemen circulated through each quarter of the city, introducing the new system of alarm which is distinguished from the system of alarm for air raids. The police came in for a great deal of chaffing, the people being greatly amused at their lack of proficiency in using the drum sticks.

Work was resumed under normal conditions. All the transportation lines were running. The streets were full of people whose sole subject of conversation was the new battle of the Somme which is generally compared with Verdun.

Sharp Makes Report.
WASHINGTON, March 25.—Ambassador Sharp, at Paris, reported to the state department today, the bombardment of Paris at long range by the Germans. He forwarded the official statement of the French government in which the fact was announced to the public.

CARPENTERS AND JOINERS TO HAVE A RAISE IN WAGES

Wages for carpenters and joiners will advance from \$5 to \$6 a day in Ogdan on the first day of April, according to an announcement made by the Carpenters' Union of Ogdan.

The matter of more pay for this class of skilled labor was taken up at a meeting of the union last fall and the new schedule of prices was approved by the chief board of the international union at Indianapolis, and an order made affecting the whole state of Utah. The union scale for Utah will be \$6 a day on and after April 1. While this scale will prevail in Ogdan, it is stated in labor circles that the scale will advance in Salt Lake City to \$7 a day.

The Carpenters' union notified all the contractors in Ogdan early in January of the new schedule and no opposition to it developed, so it is assumed by the union that the measure will go into effect without protest.

GERMANS NEAR TO RUSSIAN CAPITAL

Entrance Into Petrograd Predicted Within Few Hours by Consul Tredwell.

WASHINGTON, March 25.—German occupation of Petrograd within twenty-four hours was predicted by Consul Tredwell in a dispatch reaching the state department today, dated March 25. Virtually all Americans have left the city, the dispatch said.

The consul reported from Moscow after returning from a trip to Petrograd. The commissary of the city, he said, had told him that he expected the establishment of German control within a day. Another consular telegram from Moscow confirmed the report that the patriarch of Russia refused to sanction the German peace treaty and strongly condemned it.

Consolidated Wagon & Machine Co., just unloaded carload of their famous PLANET, JR. Garden Cultivators and Seeders.

Huns' Losses Heavy

Allied Critics Estimate Germans Losing 100,000 Men a Day.

WASHINGTON, March 25.—Members of the allied military missions said today that in the nature of the fighting on the west front the Germans must be losing at least 100,000 men a day. They made this deduction from the German plan of massed attack, the number of troops they are employing and the strength of the allied resistance.

The allied losses, it was declared, would be far less than those of the Germans, because they are fighting on the defensive.

Airplanes Watching Results.
Ambassador Sharp added that the opinion had been expressed that the airplanes seen at a great height over Paris Saturday were there to observe the effect of the firing. The official statement, which the ambassador said was published in the Paris press March 23, was transmitted as follows: "The enemy has fired on Paris with a long distance gun since 8 o'clock this morning every quarter of an hour and forty shells have reached the capital and suburbs. There are ten dead and about fifteen wounded. Means to combat the enemy gun are in the course of execution."

LONDON, March 25.—Commenting on the result of the German offensive, the Daily Chronicle says: "Assuming that the German losses are at least 150,000, the enemy has sustained a reverse for he has not obtained a strategic success directly conducing to a decision, while he has lost 8 or 10 per cent of his effectiveness without similarly lowering the efficiency of the allies."

"This matter is of the greatest importance for Germany at present is at the critical moment when the manpower pendulum is swinging in favor of the allies. No weakness at the Anglo-French junction has yet been disclosed and the task before the enemy in the next few days of the battle is more formidable than that already accomplished."

SUPREME COURT SUSTAINS DECREE

Measure Authorizing President to Take Over Needed Supplies Goes to House.

WASHINGTON, March 25.—New Mexico decrees convicting Frank C. McKnight of Ranker Lake, that state, of the murder of Claude Sweeney were today in effect sustained by the supreme court, which dismissed the proceedings.

WASHINGTON, March 25.—California decrees denying the right of bondholders to recover from the directors of the Ocean Shore Railway company, which previously had been declared insolvent were in effect upheld today by the supreme court, which dismissed the proceedings. The suit was brought by H. A. Moss and J. F. Bradford under the state law imposing liability upon directors who create a corporation indebtedness in excess of an amount equal to the outstanding stock, but the lower court held that the state act had been repealed and dismissed the suits.

WORLD'S MARKETS

NEW YORK, March 25.—Stocks broke from 1 to 3 points at the opening of the market here today on further heavy selling impelled by the war news. The weakest issues again included equipments or war shares and special industrials.

United States steel, the market leader, opened with a sale of 9000 shares at from 86 1/2 to 86 3/4, representing a maximum decline of 2 points. Union Pacific also broke 2 points. Among the other stocks which exhibited weakness were Crucible Steel, Bethlehem Steel, Central Leather, Great Northern railroad and Chesapeake and Ohio.

Rallies of one to two points were made in the first hour by standard stocks including Union Pacific, Canadian Pacific, Reading, leading rails and shippings after which normal conditions succeeded in a marked diminution of offerings.

The early heaviness extended to French bonds, state and municipal shares reacting from fractions to one per cent. Exchange on Italy also moved against that country.

Sales to 11 o'clock were estimated at 300,000 shares.

NEW YORK, March 25.—Recessions of 2 to 4 points accompanied the feverishly active opening of today's stock market, urgent selling resulting from latest war advices. Rails, the various war equipments, shippings, coppers and oils also a score of specialties, shared more or less equally in the severe decline, much of which suggested liquidation. Fraternal rallies occurred on moderate support before the end of the first half hour. Bonds including French issues were heavy.

The selling wave expended its force in the first hour substantial buying of leaders effecting rallies of 1 to 2 points. By noon the rebound was further augmented, with full recoveries for United States Steel and other active industrials while investment rails, notably Union Pacific, Canadian Pacific and Atchafalpa showed actual gains of a point. International securities suffered in the early set back, Anglo-
